

OZONATED WATER

The key potential benefits

- 1** Kills viruses, bacteria, fungi and algae on contact.
- 2** Breaks down harmful synthetic chemicals into less dangerous molecules.
- 3** Purifies the blood by rupturing harmful microorganisms' cell walls.
- 4** Kills some cancer cells, slows tumor growth, and may stop the spread of cancer.
- 5** Provides more oxygen to the brain.
- 6** Boosts the immune system.

Ozonated water is considered by many to be highly beneficial, regardless of one's health condition. For medicinal effectiveness, a high concentration of ozone is required.

PROTOCOL: Best taken before the first meal of the day, on an empty stomach or minimum 2-3 hours after a meal. Let the ozone do the work, so try not to eat half to one hour after drinking the ozonated water. Ozonated water loses its strength within few days. It loses all its properties when it is heated. At home it needs to be kept refrigerated and opened only before consumption.

We recommend you take 3-4 jars home and drink within 2-3 days.

PRICE: \$7 per 500ml jar or \$5 when you bring your own glass container.

Other applications and benefits

Ozone is an altered, energized form of oxygen. Oxygen in the air we breathe is actually two molecules of oxygen attached together or O_2 . When oxygen (O_2) is exposed to an energy field, high speed collisions occur. During these collisions, some of the O_2 molecules split apart, collide and join up with another O_2 , forming ozone O_3 . Ozone (O_3) is a very reactive and oxidative form of oxygen (O_2) which makes it valuable for many applications, such as air purification, water purification, and medical ozone therapy applications. Ozone in the body immediately reacts in human tissues. It then creates a series of further reaction which is the **REAL POWER** in therapy.

Oxygen is the most important nutrient in as it is converted in our body cells into **ENERGY**. Energy is the important substance to maintain life. Processing and utilization of oxygen is absolutely critical for our health. As we get older, stressed out, get out of shape and carry a toxic load which has accumulated throughout our life, ability to process oxygen decreases *depriving* the body of *energy*. Then it become feeble, frail and develops all the diseases that come with old age.

In essence, the inability to properly process the oxygen is the cause of the chronic diseases and susceptibility to all the diseases.

Ozone therapy stimulates the body systems to more efficiently process oxygen. The effect of ozone therapy is comparable to proper exercise. It has been called the **EXERCISE IN A BOTTLE**.

The reason for this is that exercise creates a medium in our bodies similar to the effects of ozone infusion. Basically, it helps the body to utilize oxygen more efficiently, resulting in disease resistance, a longer and healthier life.

Oxygenation is adding more oxygen to the cells. If the cells can not use this oxygen then it is of **NO USE**. The bottom line is that in an aging related degenerative diseases, the cells need help to use oxygen more efficiently and not just be infused with additional oxygen. Therefore ozone is used in **ANTI AGING** and **DEGENERATIVE DISEASES**.

Ozone, when it is in contact with human tissue, reacts with fats and oils instantaneously and creates so called **OZONITES**. These ozonite molecules stay in the body for days and weeks stimulating the usage of oxygen, activating the immune system, the healing mechanism and growth factors etc. Ozone is effective for a wide range of problems as every cell needs to use oxygen to function properly.

99 BENEFITS OF OZONE THERAPY

1. Improved circulation
2. Cell energizer
3. Vitality booster
4. Immune enhancer
5. Skin purifier
6. Oxygenates hemoglobin
7. Neutralizes acid
8. Liver cleanser
9. Kills parasites
10. Combats chronic fatigue syndrome
11. Corrects dizziness
12. Blood purifier
13. Relieves muscle aches
14. Builds muscle
15. Combats depression
16. Neutralises stomach acid
17. Overcomes weakness
18. Corrects memory loss
19. Enhances immune system
20. Fights bronchial problems
21. Prevents tumors
22. Decomposes plaque
23. Increases cellular vitality
24. Boosts energy
25. Fights flu
26. Releases tension
27. Burns fat
28. Protects against stroke
29. Kills virus
30. Blood booster
31. Speeds healing
32. Improves digestion
33. Clears out brain fog
34. Cleans mucus
35. Kills candida
36. Improves heart function
37. Fights infection
38. Prevents sudden heart attack
39. Kills bacteria
40. Relieves angina
41. Heightens alertness
42. Prevents colds
43. Stop cancer cells
44. Neutralizes chronic hostility
45. Calms nerves
46. Speeds recovery
47. Oxidizes poisons
48. Breaks up cholesterol
49. Eliminates lactic acid
50. Speeds athletic recovery
51. Improves mental quickness
52. Strengthens immune system
53. Improves vitamin uptake
54. Improves mineral absorption
55. Destroys harmful microorganisms
56. Oxidized morbidic material
57. Balances acid/alkaline
58. Decreases stress
59. Improves amino acid utilization
60. Improves brain function
61. Oxygenates pancreas
62. Kills bad colon bacteria
63. Ignites carbohydrates
64. Helps supplements to work better
65. Burns off excess sugar
66. Enhances mood
67. Purifies liver
68. Oxygenates spleen
69. Improves mental stability
70. Speeds up faulty metabolism
71. Cleans out dirty fluids
72. Detoxifies the lymph system
73. Prevents degenerate diseases
74. Prevents premature aging
75. Prevents irregular heartbeat
76. Prevents gangrene
77. Prevents peripheral vascular disease
78. Fights herpes
79. Kills worms
80. Fights emphysema
81. Prevents angina pain
82. Prevents shingles
83. Prevents fever blister
84. Prevents asthma
85. Prevents Lyme disease
86. Fights parasitic infection
87. Fights Fibromyalgia
88. Prevents Epstein-Barr virus
89. Prevents cluster headaches
90. Prevents cardiac arrhythmia
91. Disburses heavy metal toxicity
92. Prevents allergies
93. Neutralizes environmental toxicity
94. Prevents Alzheimer's
95. Prevents constipation
96. Prevents nerve related diseases
97. Prevents gastro intestinal disorders
98. Prevents MS
99. Detoxifies every cell in the body
